Pflugerville, TX | (512) 632-6908 | joelarndt24@gmail.com

EDUCATION

Texas A&M University, College of Arts and Sciences College Station, TX
B.S. in Geographical Information Science and Technology Dec 2026

WORK EXPERIENCE

Texas A&M University Division of Student Affairs College Station, TX
Student Assistant – Photography and Videography Mar 2024 – Present

- Lead photography efforts for events around campus, generating 100,000+ social media interactions per month.
- Maintaining a stock photo repository that is used by the other departments in the division, allowing them to create social media posts and presentations that help with recruitment for both the university and the division itself.

GIS/PROGRAMMING EXPERIENCE

openScope
Contributor May 2018 - Present

- Used QGIS to generate terrain maps for implementing multiple airports into the simulator (pull requests 990, 1397, 1579, 1013, 1585)
- Used georeferenced FAA-provided charts to update multiple airports' procedures for a more accurate simulation in the present (pull requests 1011, 1073, 1328, 1391, 1841)
- Removed an outdated functionality in the simulator that allowed the marking of airports as "work in progress" and show that mark on the selection screen (pull request 1111)

CLASSWORK EXPERIENCE

GEOG 398 Interpretation of Aerial Photography Texas A&M University
Student Spring 2026

- Georeferenced aerial photographs using known positions of objects and imagery on ArcGIS Pro
- Used point clouds sourced from USGS Earth Explorer to classify between ground, buildings, plants, and water
- Created a Python script to find 400 specific lines in a 2 million line dataset provided by the USGA, and compared against NDVI imagery from Earth Explorer and cancer rates from the NIH to find correlations between pesticide usage and cancer rates.

SKILLS, ACTIVITIES & INTERESTS

Technical Skills: Python, JavaScript, Adobe Photoshop Lightroom CC, Advanced Photography, GitHub repositories
Certifications: Autodesk REVIT and AutoCAD, Dassault Systèmes SolidWorks
Interests: Film photography and processing in both 35mm and medium format, programming, and aviation
Honors: Eagle Scout
